EXAMINER'S AMENDMENT

Prelim. Amdt/Amendment

1. Receipt is acknowledged of the Amendment filed 05 December 2005.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Haughey on 12 December 2005 in order to place the instant application in the proper form for an allowance (i.e., to have proper support) by substituting "a user" with -- said user -- in claims 2, 12, and 25.

The application has been amended as follows:

IN THE CLAIMS:

- Re claim 2, line 27: Substitute "a user" with -- said user --.
- Re claim 5, line 5: Substitute "a user" with -- said user --.
- Re claim 12, line 5: Substitute "a user" with -- said user --.
- Re claim 12, line 24: Substitute "a user" with -- said user --.
- Re claim 12, line 34: Substitute "a user" with -- said user --.

Re claim 25, line 39: Substitute "a user" with -- said user --.

Allowable Subject Matter

3. Claims 2-6, 8-12 and 21-25 are allowed.

4. The following is an examiner's statement of reasons for allowance:

Applicant's arguments, see pages 9-11, filed 05 December 2005, with respect to claims 2, 12 and 25 have been fully considered and are persuasive.

The prior art of records to and all other cited references, taken alone or in combination, fails to teach or fairly suggest the specific structure or the method for reconciling a financial account of a user from a portable electronic account register device comprising, among other things, separate fields for proposed matches and unmatched as recited in claim 2; presenting to the user a first group of transactions on the user list, but not on the financial institution list and presenting to the user a second group of transactions on the financial institution list but not on the user list as recited in claim 12; and providing a drop down list of preferred payees in a description field of a display on the portable electronic account register; populating a transaction number field

of the display with a next sequential transaction number; allowing the user to override the next sequential transaction number; and display a balance of cleared items on a cleared balance display after download as recited in claim 25.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
